

4PLUS News: 2014-2015

This school year the 4PLUS program started with 10 students. Four students returned as second year 4PLUS students and six students are first year 4PLUS students. One student is new to OSD.

All students are placed in internships and/or busy with continuing their education.

One student is a full time cosmetology student at the Delaware Area Career Center. This student works after school in the cafeteria. This student also has applied at Wesley Glen retirement Community to work in the dining room. She has been interviewed and is waiting to be hired.

Two students are $\frac{1}{2}$ day career center students: one student in early childhood education program and the other student is in the food service program. Both students are interns on the OSD campus, one working in the preschool program as a teacher helper and the other student working in the print shop as an office helper.

Two other students work fulltime in the cafeteria as production/utility helpers. One of those students work outside cleaning up and beautifying the campus part-time.

One student leaves campus every day to work as a cafeteria helper at the Ohio State School for the Blind.

One student also goes off campus daily full time to North Broadway Children's Center to assist teachers in their preschool program. This student has her communicable disease, first aid and CPR certifications and is currently working on her child abuse certification. She wants to work full time at The Ohio State University Childcare program.

One student works part- time in the preschool program at OSD as a teacher helper and also travels to Bexley, Ohio to work for Deaf Initiatives as a production assistant.

One student works in the ACC (Alice Cogswell Center) as a lunch helper and also travels to Bexley, Ohio to work for Deaf Initiatives as a production assistant.

Most students are at OSD on Fridays where you would find the 4PLUS group cooking up delicious meals in the Life Skills Lab.
